

PACKAGING EXCELLENCE

Pinnacle Packaging Systems Limited (PPSL) opened its doors in Zambia in 2026, with the aim of becoming the preferred supplier for labelling and packaging services in Southern Africa.

PPSL is part of Graphic Systems, a group of printing & packaging firms that have a presence in Angola, DR Congo, Kenya, Rwanda, Tanzania and Uganda. For over 40 years, the group has supplied the African market with printing & packaging services and is the market leader in its respective markets. Over 1,000 individuals are employed by the group.

The group was founded by Mr. Safir Hajee (1954-2016) and his business partner in 1985. The combination of technical expertise, innovation, and a customer & employee centric approach, has led to the group's success and growth. These values continue to be followed by the second generation, who are responsible for the management of the companies.

CORE STRENGTHS

- Regional Manufacturing Expertise
- Modern Printing & Converting Technologies
- International Quality Standards
- Fast Turnaround times
- Customer Focused Innovation

BOPP, PVC & PET LABELS

At Pinnacle Packaging Systems, we produce high-quality BOPP, PVC and PET labels using advanced flexo printing technology. Our labels deliver excellent print quality, durability, vibrant appearance and reliable performance for a wide range of packaging applications.

Ideal for branding and product information, our labels help your products stand out and build consumer loyalty.

BOPP WRAP AROUND LABELS

High-quality BOPP labels designed for 360° branding with excellent clarity, durability and moisture resistance.

PVC SHRINK SLEEVE LABELS

Shrink sleeves that provide full-body coverage and a seamless, premium look with strong shelf impact.

PET LABELS

Crystal-clear labels with exceptional clarity, strength and heat resistance — ideal for premium products.
